Government should do more to solve problems and help meet the needs of people; or Government is doing too many things better left to businesses and individuals?

Which of these statements better describe what the federal government in Washington should be doing?

The government in Washington should see to it that every person has a job and a good standard of living

The best thing that the government in Washington can do is to get out the way and let the free market help people succeed

42%

49%

Government should ensure employment

Government should get out of way

Please tell me which of these viewpoints comes closest to your own?

Some people say that we need fairer and tougher enforcement of regulations in the U.S. to protect American workers and families and to give the little guys, including small businesses, a fair chance to compete.

Other people say that we need fewer burdensome government regulations because these regulations only work to make things more difficult for small businesses and individuals to create jobs and economic growth.

50%

43%

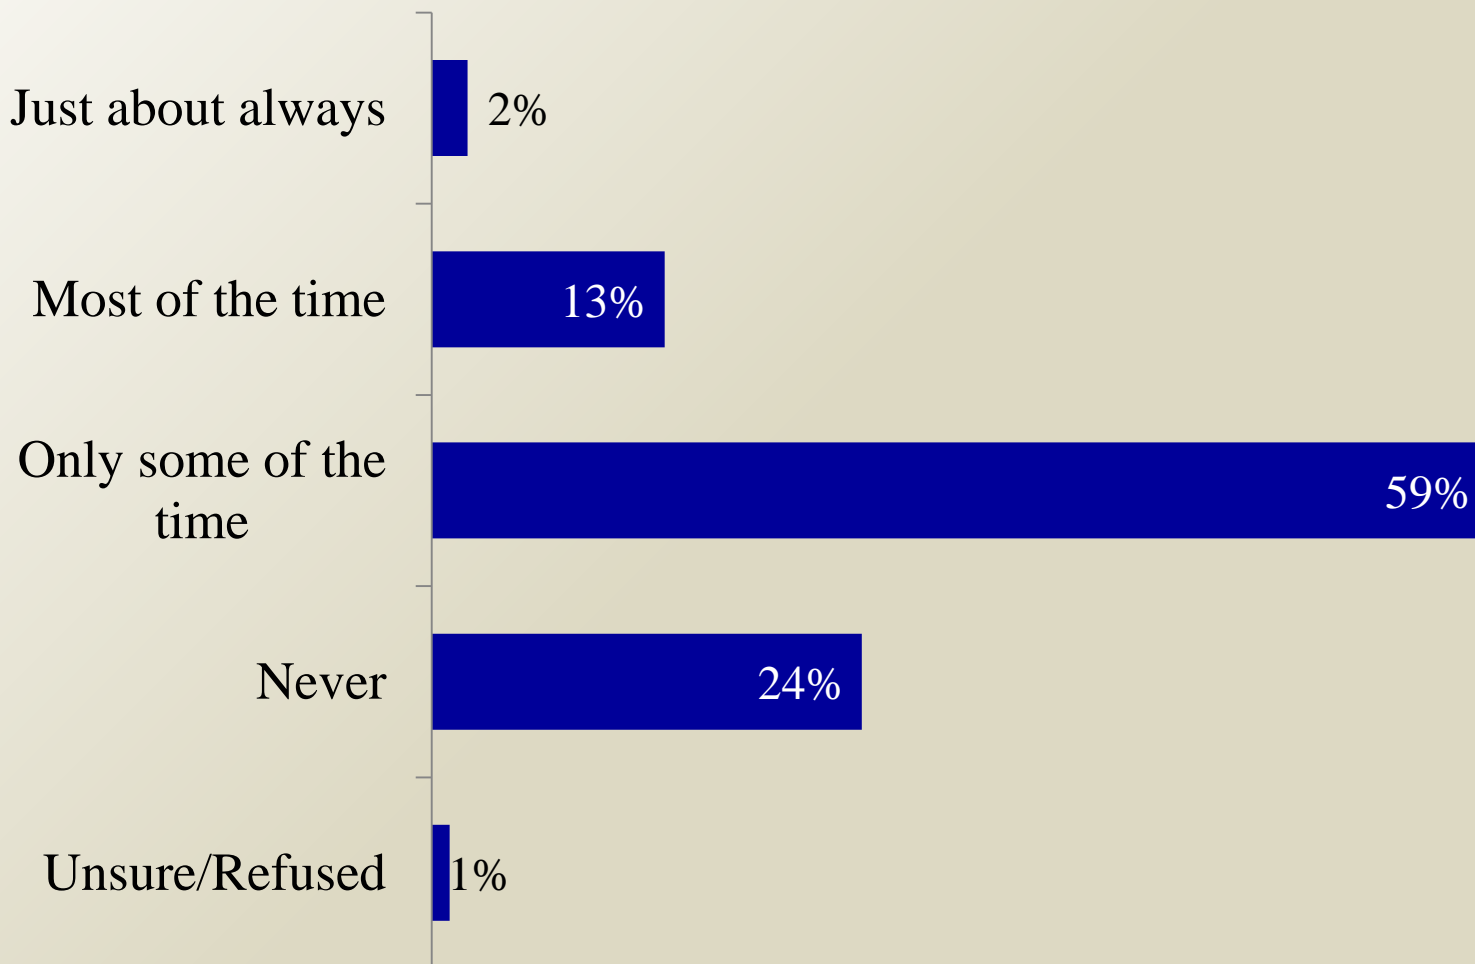

Fairer and tougher enforcement of regulations

Fewer burdensome regulations

How much would you say that you trust the government in Washington?

Would you say that you trust it...

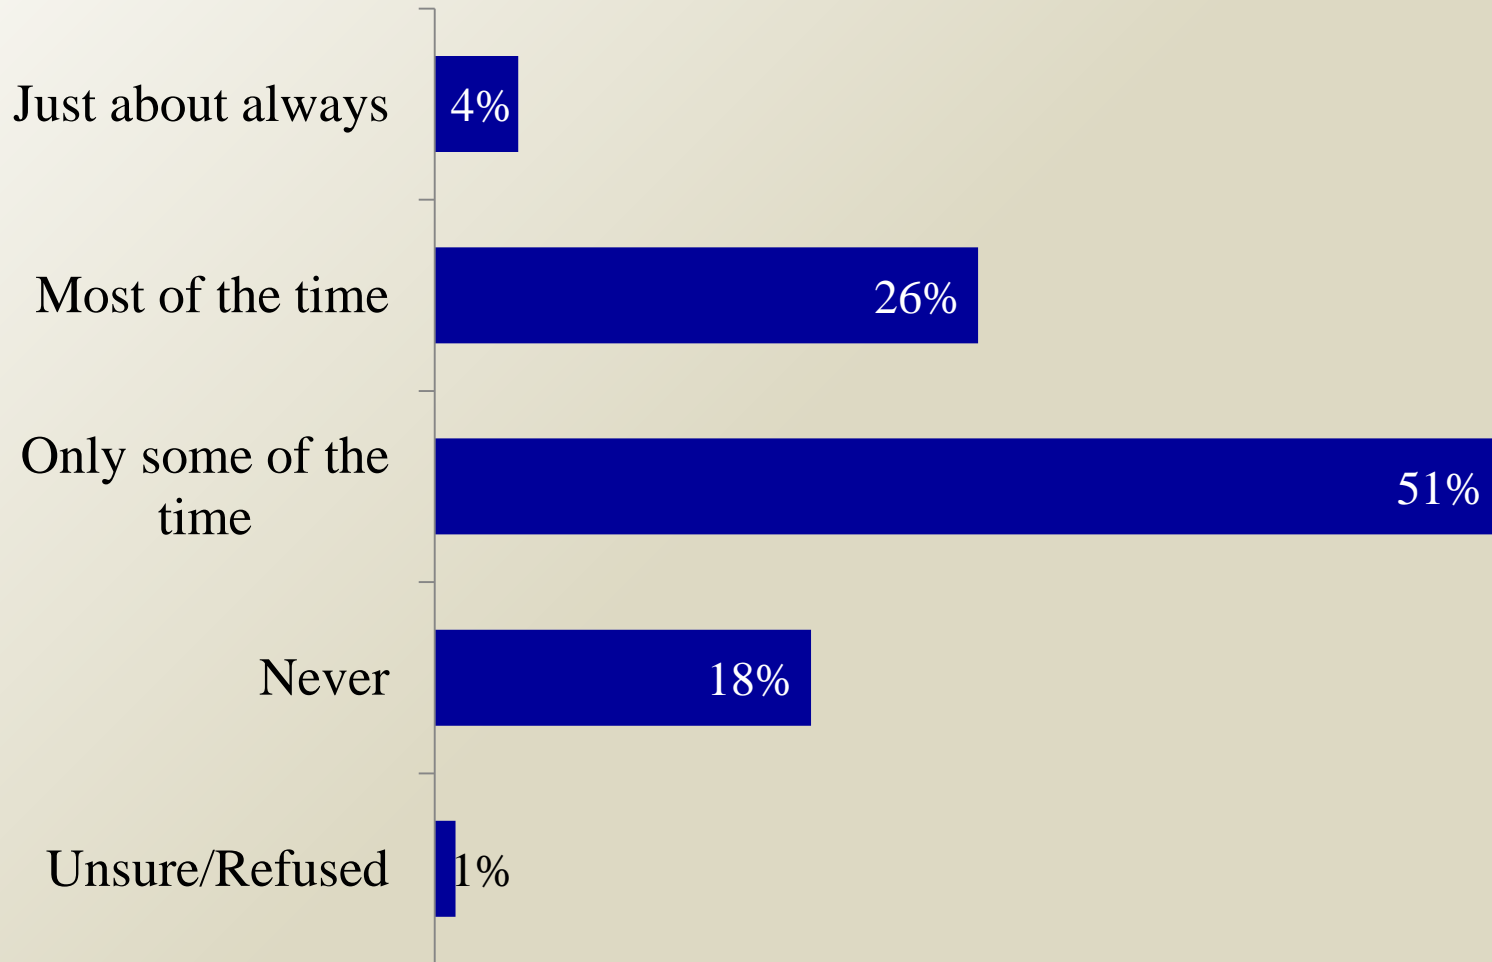

Just about always, Most of the time, Only some of the time, or Never?
