

Hello, my name is \_\_\_\_\_ from HAI, a national research firm.

[IF LANDLINE] We're conducting a survey in Montana to get people's opinions on important issues. This number was selected at random and according to the research procedure, I would like to speak to the [ALTERNATE: YOUNGEST/OLDEST] [ALTERNATE: MAN/WOMAN] at this address who is registered to vote.

[IF CELL PHONE] We're conducting a survey of cell phone users in Montana to get people's opinions on important issues. Since you are on a cell phone, I can call you back if you are driving or doing anything else that requires your full attention. Can you talk safely and privately now? [IF YES, CONTINUE. IF NO, SCHEDULE CALLBACK]

**RESUME ASKING ALL RESPONDENTS**

Although it is a while away, how likely are you to vote in that election: will you definitely vote; probably but not certainly vote in it; are the chances about 50-50 that you will vote, or is it likely that you will not vote in November?

Definitely vote ..... 83%

As I read each name, tell me whether your impression of that person is very favorable, somewhat favorable, somewhat unfavorable, or very unfavorable. If you don't recognize a name, just say so. Here's the first one: [READ ITEM] Have you heard of him? [IF YES] Is your impression of that person very favorable, somewhat favorable, somewhat unfavorable, or very unfavorable?
