### HOW THE POLL WAS CONDUCTED

**This poll was conducted by Mason-Dixon Polling & Strategy, Inc. of Jacksonville, Florida for Telemundo 51 – Miami. Interviews were completed from October 3 through October 9, 2018. A total of 625 registered voters in Florida’s 26th Congressional District were interviewed by telephone. All indicated they were “likely to vote” in the November general election**

**Those interviewed were randomly selected from a phone-matched Florida voter registration list from that included both land-line and cell phone numbers.**

**The margin for error, according to standards customarily used by statisticians, is no more than  $\pm 4$  percentage points. This means that there is a 95 percent probability that the "true" figure would fall within that range if all voters were surveyed. The margin for error is higher for any subgroup, such as a gender or age grouping.**
