	Northeast.....	19%
	Midwest.....	22%
	South.....	40%
	West.....	20%

**Post-stratification weights calculated for this survey. Weights were calculated based on the 2017 Current Population Survey. The survey was fielded to N=2,460 adults from an online sample, 2,000 of whom reported that they were registered to vote. Gender, age, race and ethnicity, educational attainment, and census division were used for weighting. Additionally, to correct for non- coverage bias factors associated with online behaviors were used to adjust the sample. Among registered voters, respondents had a mean weight of 1.00, a median weight of .96 and a standard deviation of .66.*
